Department of Information Technology (B.Sc.I.T Semester V)

MERN STACK

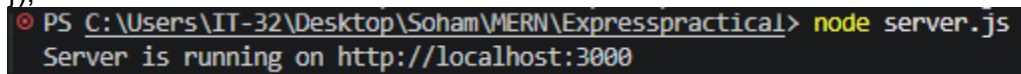

Practical – VI

Roll No.: T001	Name: Soham Acharekar
Class: TYIT	Batch: 01
Date of Assignment: 9/9/26	Date/Time of Submission: 9/9/26

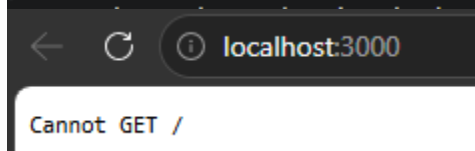

6. Node.js and Express Fundamentals

a. Install Express and create a simple server.

```
const express = require("express");
const app = express();
const PORT = 3000;
app.listen(PORT, () => {
  console.log(`Server is running on http://localhost:${PORT}`);
});
```

```
PS C:\Users\IT-32\Desktop\Soham\MERN\Expresspractical> node server.js
Server is running on http://localhost:3000
```

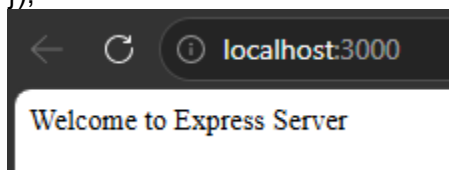

localhost:3000

Cannot GET /

b. Display a message on the browser using the server response.

```
const express = require("express");
const app = express();
const PORT = 3000;
app.get("/", (req, res) => {
  res.send("Welcome to Express Server");
});
app.listen(PORT, () => {
  console.log(`Server is running on http://localhost:${PORT}`);
});
```

localhost:3000

Welcome to Express Server

c. Create different routes in Express.

```
const express = require("express");
```

```
const app = express();
const PORT = 3000;
// Home Route
app.get("/", (req, res) => {
  res.send(`
<h1>MVLU College Management Server</h1>
<p>Welcome to our college website.</p>
`);
});

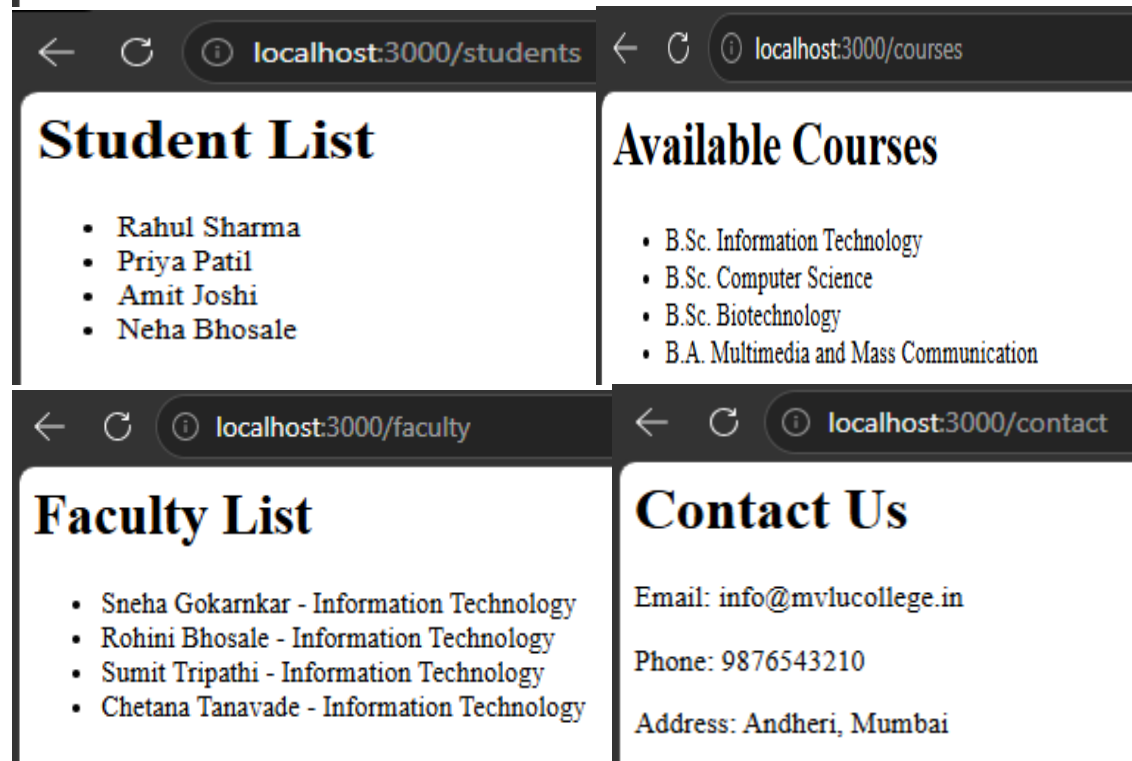

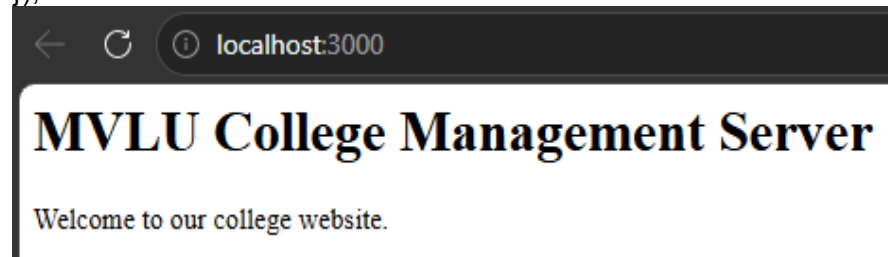

// Students Route
app.get("/students", (req, res) => {
  res.send(`
<h1>Student List</h1>
<ul>
<li>Rahul Sharma</li>
<li>Priya Patil</li>
<li>Amit Joshi</li>
<li>Neha Bhosale</li>
</ul>
`);
});
// Faculty Route
app.get("/faculty", (req, res) => {
  res.send(`
<h1>Faculty List</h1>
<ul>
<li>Sneha Gokarnkar - Information Technology</li>
<li>Rohini Bhosale - Information Technology</li>
<li>Sumit Tripathi - Information Technology</li>
<li>Chetana Tanavade - Information Technology</li>
</ul>
`);
});
// Courses Route
app.get("/courses", (req, res) => {
  res.send(`
<h1>Available Courses</h1>
<ul>
<li>B.Sc. Information Technology</li>
<li>B.Sc. Computer Science</li>
<li>B.Sc. Biotechnology</li>
<li>B.A. Multimedia and Mass Communication</li>
</ul>
`);
});

// Contact Route
app.get("/contact", (req, res) => {
  res.send(`
<h1>Contact Us</h1>
```

```

<p>Email: info@mvlucollege.in</p>
<p>Phone: 9876543210</p>
<p>Address: Andheri, Mumbai</p>
`);
});
// Start Server
app.listen(PORT, () => {
  console.log(`Server is running on http://localhost:${PORT}`);
});

```

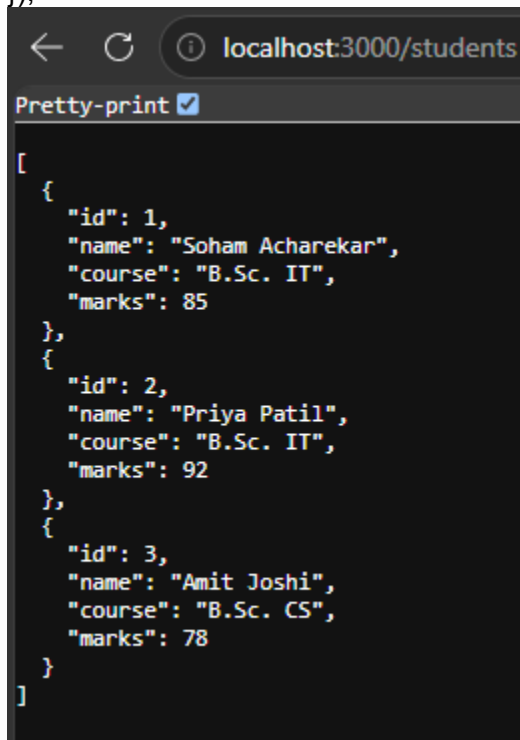

d. Send a JSON response from the server.

```

const express = require("express");
const app = express();
const PORT = 3000;
app.get("/", (req, res) => {
  res.send("Welcome to MVLU College Management Server");
});
app.get("/students", (req, res) => {
  const students = [
    {
      id: 1,
      name: "Soham Acharekar",

```

```
course: "B.Sc. IT",  
marks: 85  
},  
{  
id: 2,  
name: "Priya Patil",  
course: "B.Sc. IT",  
marks: 92  
},  
{  
id: 3,  
name: "Amit Joshi",  
course: "B.Sc. CS",  
marks: 78  
}  
];  
res.json(students);  
});  
app.listen(PORT, () => {  
console.log(`Server is running on http://localhost:${PORT}`);  
});
```

e. Test routes using browser or Postman.

The following screenshots show the results of GET requests to different API endpoints in Postman:

- Endpoint: `http://localhost:3000/students`**
 Status: 200 OK, 4 ms, 348 B.
 Response Body (HTML):

```
1 <h1>Student List</h1>
2 <ul>
3   <li>Rahul Sharma</li>
4   <li>Priya Patil</li>
5   <li>Amit Joshi</li>
6   <li>Neha Bhosale</li>
7 </ul>
```
- Endpoint: `http://localhost:3000/courses`**
 Status: 200 OK, 4 ms, 415 B.
 Response Body (HTML):

```
1 <h1>Available Courses</h1>
2 <ul>
3   <li>B.Sc. Information Technology</li>
4   <li>B.Sc. Computer Science</li>
5   <li>B.Sc. Biotechnology</li>
6   <li>B.A. Multimedia and Mass Communication</li>
7 </ul>
```
- Endpoint: `http://localhost:3000/faculty`**
 Status: 200 OK, 4 ms, 462 B.
 Response Body (HTML):

```
1 <h1>Faculty List</h1>
2 <ul>
3   <li>Sneha Gokarnkar - Information Technology</li>
4   <li>Rohini Bhosale - Information Technology</li>
5   <li>Sumit Tripathi - Information Technology</li>
6   <li>Chetana Tanavade - Information Technology</li>
7 </ul>
```
- Endpoint: `http://localhost:3000/contact`**
 Status: 200 OK, 4 ms, 341 B.
 Response Body (HTML):

```
1 <h1>Contact Us</h1>
2 <p>Email: info@mvlucollege.in</p>
3 <p>Phone: 9876543210</p>
4 <p>Address: Andheri, Mumbai</p>
```

f. Run the server and observe the output in the console.

```
PS C:\Users\IT-32\Desktop\Soham\MERN\Expresspractical> node server.js
Server is running on http://localhost:3000
```
